

14th AFRICA RCE REGIONAL CONFERENCE

28th, 29th & 30th August 2024

THEME: Role of RCE in Climate Action, Education for Sustainable Development and Sustainable Development Goals

VENUE: University of Eldoret - Main Campus

The **University of Eldoret (UoE)**, in partnership with the collaborating institutions, **National Environmental Management Authority (NEMA)** and **Eldoret National Polytechnic** are proud to host the 14th Africa RCE Regional Conference. The 14th Africa RCE Conference is the first RCE conference to be held in this region since the RCE North Rift was acknowledged by RCE Global in 2016.

The RCE North Rift Covers Nandi, Uasin Gishu, Elgeyo Marakwet, Trans Nzoia, West Pokot, and Baringo counties which collaborate under the North Rift Economic Bloc (NOREB). The RCE North Rift is hosted at the University of Eldoret and supported by NEMA-Kenya, The Eldoret National Polytechnic among other stakeholders. The RCE advances climate action, Education for Sustainable Development and the Sustainable Development Goals through collaborative efforts with local communities, Academia and governmental bodies fostering knowledge exchange, capacity building, and innovative solutions.

The meeting will highlight these collaborative efforts. It will seek to ignite a discussion to address Africa's climate vulnerability and promotes sustainable development practices. Participants will have an opportunity to explore the region's natural beauty, cultural, social heritage and engage with the local communities.

University of Eldoret

The University of Eldoret - Main Campus is located 9km from Eldoret Town along the Eldoret-Ziwa Road at an altitude of 2154 metres above sea level and is located at a latitude of 34' 55", longitude of 0350 18' 19".

The functions of the University, as set out in the University Act include:

- (i) provision of university education aimed at producing mature and conscientious graduates with skills, ability and desire to contribute to the well-being and development of the people of Kenya
- (ii) provide education for national service
- (iii) develop and transmit knowledge and skills through research and training
- (iv) foster national consciousness and unity and preserve
- (v) produce, process, and disseminate knowledge and
- (vi) stimulate the intellectual life and cultural development of Kenya.

Objectives:

To mobilize communities, learning institutions and other stakeholders, to take active role in ecosystem restoration, waste management, sustainable livelihood, adoption of renewable energy for climate action through ESD

1. Enhanced behaviour change from case studies presentations.
